Liners, Receptacles & Carts

Maintex, the Liner & Receptacle Experts

High Density vs. Linear Low Density

Liners made with high density polyethylene resins typically hold more weight and withstand higher temperatures than linear low density liners do. Linear low polyethylene resin liners have high puncture and tear resistance properties. Linear low density liners are the ones that can stretch.

Mils and Microns

It's important to choose the liner that most accurately fits your application. A liner with too heavy or thick of a gauge wastes money, but too thin or lightweight of a liner may cause you to double bag, or even worse, cause an accidental leak.

The thickness (gauge) of high density liners is measured in microns. The gauge of a linear low density liner is measured in mils. To convert mil to micron, multiply the mil by 25.4, and to convert micron to mil, divide micron by 25.4.

Selecting the Right Size Liner for the Container

	Linear Low Density Liners	High Density Liners
Wastebasket (7 to 10 gallons)	23" x 25"	24" x 24" or 24" x 27"
Tall Wastebasket (12 to 16 gallons)	24" x 32"	24" x 33"
Round top container (33 gallons)	33" x 40"	33" x 40"
Round Huskee® (44 gallons)	36" x 46" or 40" x 46"	37" x 46" or 40" x 48"
Round Huskee® (55 gallons)	41" x 52"	41" x 54"
Drum (55 gallons)	36" x 58"	36" x 60"
Drum (60 gallons)	38" x 58"	38" x 60"
Glutton® (44 gallons)	43" x 47"	43" x 48"

For containers not listed above: To determine the correct bag width for your container, use 1/2 of the outer circumference of your container. To determine the best bag length, use the height of the container, plus 1/2 of the diameter of the container bottom, plus a 3-inch allowance for overhang. For square or rectangular receptacles, use the diagonal of the container bottom rather than the diameter.

Linear Low Density Liners

Low density liners are manufactured from linear low density recycled post industrial polyethylene resin. Maintex low density liners resist punctures, tears and zipping. Liners are individually folded and singly dispensed from a stackable dispenser pack for quick and easy access by your staff.

	W	L	Gauge	Color	Pack	Gal. Usage	
248118	Linear Low Density	17	18	0.40	Black	1000	4

248175	Linear Low Density	42.5	47	1.50	Black	100	56

High Density Liners

High density liners are packed in coreless rolls for easy, controlled distribution. Each bag is separated by a convenient, easy-tear perforation. High density liners are manufactured from high molecular weight, high density polyethylene, producing a strong liner even at lower gauges.

	W	L	Gauge	Color	Pack	Gal. usage

Maintex, the Liner Experts

Waste Baskets

Wastebasket (UL Classified)

14 quart rectangular wastebasket. Fire resistant, UL classified required for healthcare and preferred elsewhere for extra measure of fire safety. Available in black, and sand. State color when ordering.

- 263930 Continental 2914, black each
- 263931 Continental 2927, black each
- 2639310 Continental 2927, sand each

Commercial Plastic Wastebaskets

Low profile and sleek, attractive design. Molded polyethylene, rectangular wastebasket. Perfect choice for classroom, office, industrial or institutional use. Available in several colors and sizes.

- 263940 Continental 2818, 28 qt, beige, each
- 2639401 Continental 2818, 28 qt, brown, each
- 2639402 Continental 2818, 28 qt, grey, each
- 2639400 Continental 2818, 28 qt, black, each
- 263941 Continental 4114, 41 qt, beige, each
- 2639410 Continental 4114, 41 qt, black, each
- 2639411 Continental 4114, 41 qt, brown, each
- 2639412 Continental 4114, 41 qt, grey, each
- 264170 Continental 1358, 13 qt, beige, each
- 2641701 Continental 1358, 13 qt, brown, each
- 2641702 Continental 1358, 13 qt, grey, each
- 2641700 Continental 1358, 13 qt, black, each

Square Receptacle Lid

Rolled rim for edge strength and easy handling. Available in 25 and 32 gallon capacity. Available in brown and grey.

- 2639260 Continental T1600, swing top lid, brown, each
- 2639261 Continental T1600, swing top lid, grey, each
- 2639270 Continental T1700, tip top lid, brown, each
- 2639271 Continental T1700, tip top lid, grey, each

Swing Top Lid

Opening makes for easy disposal, peaked design is counter weighted and automatically closes to hide trash and reduces odors.

Swing Top Lid

Tip Top Lid

Gravity hands-free opening encourages use and automatically closes to hide trash. No metal parts to rust or break.

Tip Top Lid

Half Round 21 Gallon Receptacle

21 gallon half round wall hugger. Extra large top opening provides easy access. Rounded front and sides allow use where other square or rectangular containers would interfere with traffic. Rolled top edge adds strength and provides convenient area to lift or pull. Reinforced base will take commercial and institutional hard use. Available in beige or grey.

- 2628321 Continental 8321, grey, each

Wall Hugger

These receptacles are efficient in tight spaces. They are built of durable engineered plastic and their sleek design holds 23 gal. of trash, but protrudes less than one foot from the wall. Smooth, seamless construction makes for easy cleaning and prolonged life.

- 26277200 Continental 8323, base, grey, each
- 26277201 Continental 8323, base, beige, each
- 26277202 Continental 8323, base, brown, each
- 26277203 Continental 8323, base, black, each
- 2627701 Continental 7318, push door lid, grey/grey, each
- 2627700 Continental 7318, push door lid, brown/beige, each
- 2627704 Continental 7320, tip top lid, grey, each

Square Receptacle Base

Square container provides 25% more capacity which equates to labor and poly liner savings. Rolled rim for edge strength and easy handling. Reinforced base will withstand rough commercial use and they nest for easy storage. Available in 25 and 32 gallon capacity. Swing top and tip top lids also available. Stocking colors are brown and grey.

- 2639250 Continental B25, brown, each
 - 2639251 Continental B25, grey, each
 - 2639240 Continental B32, brown, each
 - 2639241 Continental B32, grey, each
- Beige available by special order.

King Kans Outdoor

Structural plastic molded container for indoor and outdoor use. Won't dent, crack, chip or warp. Features heavy duty, steel hinged lid. Lid sits tightly on the base to control insects, and pests. 65 gallon available through special order. Available in 35, 50 or 65 gallon size in brown.

- 2677252 Continental 5735, 35 gal, each brown
- 26277257 Continental 5750, 50 gal, each brown

Receptacles

Huskees

Molded of durable, engineered resins with seamless construction for maximum strength. Will not rust, corrode or dent. Excellent for trash collection and food preparation. Available in blue, grey, white and yellow in 20, 32, 44 and 55 gallon sizes. Stackable with lid on, restackable with lid off. (gray only)

- 262769 20 gal, grey, each
- 262767 32 gal, grey, each
- 26276702 32 gal, yellow, each
- 262766 44 gal, grey, each
- 2627662 44 gal, yellow, each
- 2627663 32 gal, blue, each
- 26276701 32 gal, white, each
- 2627660 44 gal, blue, each
- 2627661 44 gal, white, each

Lid for Huskees

Lids fit snugly on 20, 32 and 44 gallon Huskees. Available in several colors.

- 262773 Continental 2001, 20 gal, grey, each
- 2627730 Continental 2001, 20 gal, white, each
- 262774 Continental 3201, 32 gal, grey, each
- 262772 Continental 4445, 44 gal, grey, each
- 262772W Continental 4445, 44 gal, white, each
- 262772Y Continental 4445, 44 gal, yellow, each

Round Huskee Hauler

Red 19 gallon with rope handles. Ideal for bulk storage or transport. Nestable.

- 2638119 each

Glutton® Trash Receptacle Outdoor and Hooded Top

56 gallon, indoor/outdoor. Glutton® container. Perfect for large crowds and high traffic areas. Built to withstand extreme weather and handling. Available with or without doors. Hooded top provides added strength. Optional hold down base can be filled with sand or water to provide added stability and security. Available in brown and cream.

- 263856 Rubbermaid 256B, brown, each
- 2638560 Rubbermaid 256B, cream, each
- 263857 Rubbermaid 256X, brown, hooded top w/doors, each
- 263859 Rubbermaid 256V, brown, hooded top without doors, each

Brute Trainable Dolly

For improved recycling solution. Adjustable pull handles attaches to rim of a 32, 44, or 55 gal container. Ball and hitch feature offers hands free connection of up to 3 containers.

- 2642651 3 pk #2651-03
- 2642652 Trainable Dolly Pull Handle

Huskee Dome Top

Conveniently fits on 32, 44 and 55 gallon Huskees. Will fit on 55 gallon metal drums as well. An economic answer to refuse collection for public locations. Wide rim, tight fitting door with rain deflector keep debris and odors in, and rain and other pest out

- 262762 Continental 4456, grey, each
- 262763 Continental 4456, blue, each
- 262764 Continental 4456, red, each
- 2625913 Continental 3232GY, grey, each

Additional colors and sizes available by special order.

Huskee Maid Caddy

Convenient handle – raise to carry or collapse out of the way. Fits on 32, 44 and 55 round Huskees and 50 gallon Tilt 'N Wheel.

- 262748 Continental 3155, each

Caddy Bag

Durable, nylon reinforced PVC nine pocket caddy bag fits 32, 44 and 55 gallon Huskee.

- 262748 Caddy bag

Dolly

A twist-on, twist-off round mobile structural dolly with plastic base. Features five 3" non marking swivel casters. Converts Huskees into a movable working tool. Fits 20, 32, 44, 55 gallon Huskee.

- 262768 Continental 3255, each

Maintex, the Receptacle Experts

Colossus Receptacle

Has four openings, two large front openings and two large side openings that can easily accommodate bulky debris like pizza boxes and 32 oz. cups. This unit is designed for high volume applications. Contoured lid's top surface prevents accumulated debris and water. Available in brown or beige in 45 or 56 gal. size with either two doors or four openings.

- 2636452 6452BE 45 gal. w/two doors beige
- 2636554 6454BE 45 gal. w/four openings beige
- 2636562 6562BE 56 gal. w/two doors beige
- 2636564 6564BE 56 gal. w/four openings beige

Brown Colossus receptacles are available through special orders.

Available

accessories include:

- 6456 BK Weighted base
- 6457BK Tray top
- 6451BK Plastic rigid liner 45 gal.
- 6461BK 56 gal.

Roun'Top Receptacle

24 gallon round top plastic receptacle with no metal parts to rust or corrode. Ideal for secure areas in hospitals or prison systems. Quiet, self-closing door keeps debris and odors inside. Removable top allows easy access. Available in 4 granite finishes for architectural appeal of a stone receptacle without the weight. Weatherproof design allow for outside use with confidence.

Stock color is Beige. Available colors through special order: Black, Brown or Grey

- 1631425 Continental 1425, 24 gal.

Design-Line Roun'Top™ Receptacles

These receptacles have all the features of the standard Roun'Tops®; but are available in four granite finishes that provide the architectural appeal of a concrete or stone receptacle without the excessive weight or cost. Available in 18 or 24 gallon sizes to fit any need, Factory Mutual Approved.

Stock color is Sandstone. Available colors through special order: Blackstone or Greystone.

- 2621305 Continental 1305SDS, 18 gal.
- 2621425 Continental 1425SDS, 24 gal.

Floor Sand Urn

Rugged sand urn manufactured of structural plastic, and includes a chrome plated ashtray top. Available in black or brown.

- 2638880 Continental 888, black, each
- Brown available through special order

Rubbermaid Ranger

Durability, modern styling and easy to service design. High capacity waste management, designed for high traffic areas. Permanently attached hinged lid for easy emptying. Pedestal base ring on 45 gal. and 65 gal. models for security and stability. Available in two styles: 2 hinged door for waste concealment and odor control. 4 openings for easier access in high traffic areas. Available in beige, 45 and 65 gal. Black by special order.

- 2649171 9171-88 45 gal. w/two doors
- 2649173 9173-88 45 gal. w/four openings
- 2649175 9175 65 gal. w/two doors
- 2649176 9176 65 gal. w/four openings

Available option: weighted base option #9177, (for both 45 and 65 gal. size)

Landmark Series®

Classic Containers Outdoor/Indoor

High-volume refuse collection and smoking management for indoor and outdoor areas, including building entrances, lobbies, and malls.

- Choose Dome Top model for outdoor use or Funnel Top model for indoor use
- Tops are hinged and include a stay-open strap for easy access to rigid liner
- Ash/Trash models include metal sand pan and large refuse openings
- Locking Dome Top model (3970-88) provides added security
