IMPORTANT

Read and understand the label and Safety Data Sheet (SDS). These provide a description of hazards, precautions, personal protective equipment, first aid, 24 Hour Emergency lines, storage data and other safe handling information. The SDS is provided with each container shipped. It is also available from the distributor.

PRODUCT DIRECTIONS

EQUIPMENT TO USE

Recommended automatic liquid laundry injection system.

DIRECTIONS TO USE

USE DILUTION: Concentration varies due to environmental conditions and load size. Your sanitation specialist will adjust properly to meet your needs. DO NOT MIX WITH ANYTHING BUT WATER. 1. Pre-sort laundry prior to wash. 2. Pre-soak and/or pre-spot laundry when necessary. 3. Place proper amount of soiled fabric into laundry machine. 4. In wash cycle, use this product and a recommended laundry detergent. 5. When bleaching, use recommended laundry bleach at the proper dilution. 6. When softening and/or souring, use recommended products(s) at proper dilution(s). A final pH of 5.5-6.5 is recommended for the fabric.

*This product is compatible with ozone laundry systems.
