Detergent Disinfectant Detergente Desinfectante

DESCRIPTION:

Quaternary ammonium sanitizer for sanitizing dishes, glassware, cooking utensils, cutting tools and food processing equipment. For use in food processing, supermarkets, restaurants and institutional kitchens. Highly concentrated. 1/4 oz. per gallon dilution. EPA registered.

DIRECTIONS:

SANITIZING: Apply Sani-Cide 94 with a cloth, mop or coarse mechanical spray device or sanitize by immersing articles. Treated surfaces must remain wet with sanitizing solution for minimum of 60 seconds. Drain thoroughly and allow to air dry. Do not rinse.

DESCRIPCIÓN:

Desinfectante para desinfección de platos, cristalería, cocina utensilios y equipo de procesamiento de alimentos. Para uso en procesamiento de alimentos, supermercados, restaurantes y cocinas institucionales. Altamente concentrado. Dilución es 1/4 onza por galón. EPA registrada.

INSTRUCCIONES:

Para desinfección, diluir apropiadamente Sani-Cide 94 y aplique con paño, mopa o spray dispositivo. Las superficies deben permanecer mojadas con la solución durante 1 minuto. Escurrir bien y deje secar al aire. No enjuague.

1 Quart	145332
1 Gallon	14530490
5 Gallons	145305

EPA Reg No. 6836-58-6885

TECHNICAL SPECS:

pH	6.5 - 7.5
Fragrance	Neutral
Color	Clear
Specific Gravity	0.99
Chemical Base	Quaternary
Foam Characteristic	Low
Solubility in Water	Complete
